Dear Les,

I am thrilled to have been able to purchase your Grand Concert #23 from you last weekend. I have been playing guitar for 50 years and it is without a doubt the finest acoustic guitar I have ever played. It is an extraordinary work of art and craftsmanship.

Beyond the instrument itself, I am proud to say I own a McMasters guitar because of the person who built it. I will always have a much more personal attachment to this instrument because of the character and integrity of the person whose name is on the headstock.

I hope to visit you at your shop sometime and hear a little more about your journey in the construction of Grand Concert #23.

Kind regards,
